

# GRAINGER COUNTY SPRING EXPO

## Professional Advertising Application

The Hometown Businesses of Grainger County is planning a vendor event on **Saturday, April 24, 2021 from 9 am-4 pm** at Rutledge Elementary School. We are working collaboratively with the Grainger County Chamber of Commerce to make this a successful event, and plan to create future opportunities to display and promote Grainger County businesses.

Our goal for this event is to promote Grainger County businesses within the community by having small business owners display their products, goods, and services at the vendor event. Businesses who are unable to attend the event, but are interested in advertising their business, can donate business cards or promotional items (pens, calendars, bags, office supplies, etc.) to be given out to event patrons for a monetary donation to support the event. Your donation covers expenses such as venue and advertising. Donated door prizes are welcome and would be great advertising for your business. The Hometown Businesses of Grainger County team is committed to promoting the event through physical advertising, social media advertising, and word of mouth. If you would like to advertise your business in this manner, ***please complete this form.***
